Subject Re: Village Leadership Workshop

Hello Tiel,

Thank you for your help last week. I will be very happy to attend the Village Leadership Workshop on December 8 and I can come early and meet with the BBNC Board on December 6 if that would be helpful. I can make a Power Point presentation at both meeting if you like. I would like to go over some of the back ground, what we are doing and why because it seems to get lost in the discussion, then give an update, a little about what we are finding out and some information from the village interviews that were done for us. Does that sound appropriate. Also I would be happy to engage both meetings in discussions, getting their feed back and fielding questions if I can.  
Let me know if this is what you had in mind. Hope to see you in December.

Subject: Village Leadership Workshop

---

Rick:

I hope this finds you well. We haven't spoken for a spell. I spoke with Tami a couple days ago and she shared your email for me to invite you to present at our Village Leadership Workshop held Dec 8<sup>th</sup> in Anchorage in the morning. I think the hot topics would be the watershed assessment update and traditional knowledge. Our audience is about 200-300 tribal, city, and native corporation villagers coming in to town for Christmas shopping and meetings. We give them a BBNC Christmas party at the end of all the meetings.

Let me know if you can join us at that time. I extended a more intimate meeting with BBNC board earlier in the week if you are interested on the 6<sup>th</sup>.

I look forward to hearing from you.

Regards,

Tiel
